## FAQ

**What are the best hashtags to use?** Using the best hashtags involves finding a balance. Mix popular hashtags (with millions of posts) with more specific, niche hashtags (with fewer posts). This helps you reach a wider audience while also connecting with people genuinely interested in your content.

**Does posting time matter for Instagram likes?** Yes, posting time does matter. You want to post when most of your followers are online. Check your Instagram Insights to see when your audience is most active.

**Is it important to engage with other accounts?** Engaging with other accounts is very important. Liking and commenting on other people's posts shows you're part of the community and encourages them to check out your profile.

**How can I make my Instagram captions more engaging?** To make your captions more engaging, ask questions, tell stories, use emojis, and encourage your followers to share their

thoughts. A good caption can turn a passive scroller into an active participant.

**What is Instagram Insights and how can it help?** Instagram Insights provides data about your audience and your content's performance. It can help you understand what type of posts resonate with your followers, when they are most active, and which hashtags are most effective.
